

Here's Your Spring, 2021 Instrumentation News

Avoid These 7 Deadly Sins for Airflow Measurement Success

Like you, we've encountered our fair share of airflow measurement challenges in our 20+ combined years of industry experience. Here are the seven most common issues along with a little advice to help improve your odds of success on future projects.

[Read it Here](#)

Case Study: Ohio University

In building construction and maintenance, the words *unanticipated* or *surprise* are not what anyone wants to hear. So, when Ohio University implemented a campus-wide HVAC upgrade initiative they were expecting that future energy savings would generate a significant ROI. What they could not foresee, however,

was the \$350,000 cost avoidance that their new ONICON chilled water meters would also deliver.
